

Adventure Joe

When Joe fell down he appeared in a cold wet room.

Where am I ? It looks like an old prison.

Hm? Maybe I can break this door.

Oh! Now it needs only one more time and I'm free.

Here we go ! Yes, I did it. Now I can continue in my mission.

Hey , why is this room so long and nothing in there. It has to be a trap.

Ou! Again, and this time it's begun to move with the walls.

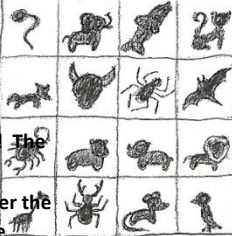

Now I have to run very fast.

Thanks Goddess. I did it! It was so close.

Hm? That's a wall with animal pictures.

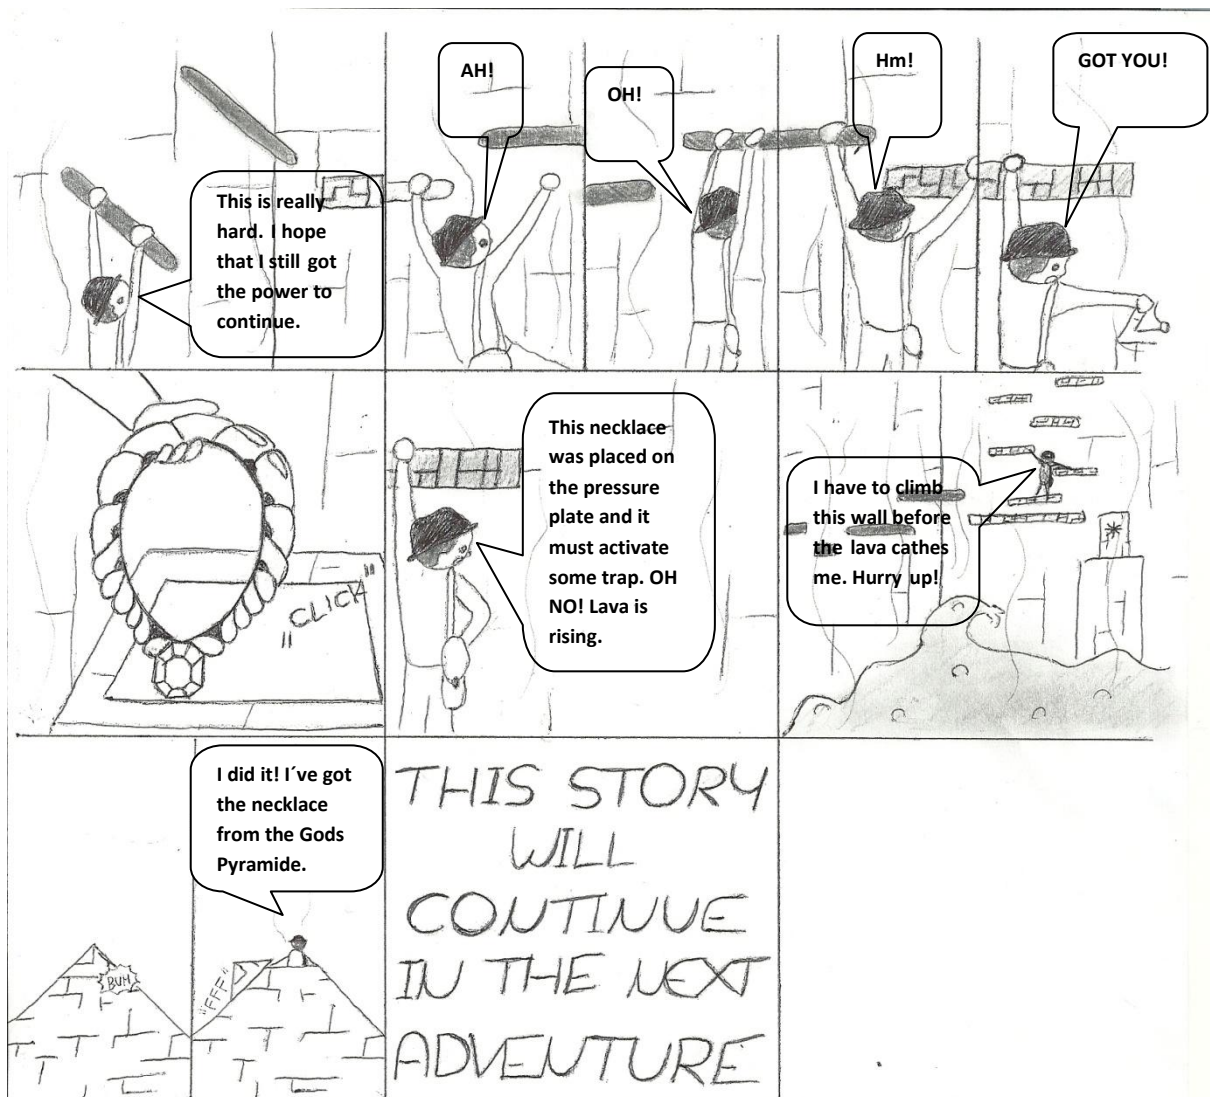

There must be something that's connecting some of these animals.. GOT IT ! The snake, spider and scorpion were over the three holes at the beginning and the cat was on the ceiling in the snake room.

OOH! That's a beautiful necklace.

There's lava. I have to be very careful.
